

# MINI CHALLENGE

***Rennat***  
*design*

**Please note:**

This 2D image is a reference for the painter. The design layout and color of the final painted helmet may differ slightly from this image.

Small changes may be necessary when adapting this design to the actual helmet due to the helmet's shape, vents, air intakes, visor, Hans anchor posts, spoiler and surface ridges.

The colors in this image may differ from screen to screen so it is recommended that you calibrate your display screen and/or adjust the brightness, contrast, saturation and sharpness.

Colors may also differ in a printed version of this image. Use color codes/paint codes/color names if possible.
